Contents

NUMBER 1 JANUARY 1994

1 Skin microcirculatory and thermal changes in elderly subjects with early stage of pressure sores
V. Schubert, L. Perbeck and P. Å. Schubert

15 Diameter and velocity changes in the femoral vein during thermal stress in humans
P. Abraham, G. Leftheriotis, B. Desvaux, M. Saumet and J. L. Saumet

23 Assessment of coronary artery stenosis pressure gradient by quantitative coronary arteriography in patients with coronary artery disease
D. Atar, P. S. Ramanujam, K. Saunamäki and S. Haunsø

37 Cardiac output determined by the CO_2 rebreathing method during arm exercise
M. T. E. Hopman, B. Oeseburg and R. A. Binkhorst

47 Is transcutaneous PO_2 monitoring during exercise a reliable alternative to arterial PO_2 measurements?
L. Brudin, S. Berg, P. Ekberg and J. Castenfors

53 Repeated measurements of transfer factor in rabbits: an animal model suitable for evaluation of short-term exposure
M. Dahlqvist, L. Lagerstrand and A. Nilsen

63 Local cooling prolongs oesophageal transit in humans
F. Jørgensen and B. Hesse

71 Increased body weight in men after the age of 55 is a risk factor for internal carotid artery stenosis: an epidemiological study of men aged 69
G. Jungquist and J. Å. Nilsson

79 Calculation of renal extraction during high diuresis and low renal plasma flow conditions
L.-G. Andersson, L.-E. Bratteby, R. Ekroth, Ö. Wesslén and S. Hallhagen

87 Model for radionuclide evaluation of left-to-right ductal shunts
D. Eterović, Ž. Dujić, J. Tocilj and S. Popović

103 Cytoplasmic calcium regulation and the electrocardiogram in patients with primary hyperparathyroidism
L. Lind, P. Ridefelt, J. Rastad, G. Åkerström and S. Ljunghall

111 Influence of shear on skin oxygen tension
R. H. M. Goossens, R. Zegers, G. A. Hoek van Dijke and C. J. Snijders

119 Erratum

121 Instructions to authors

NUMBER 2 MARCH 1994

123 Response of plasma neuropeptide Y and noradrenaline to dynamic exercise and ramipril treatment in patients with congestive heart failure
B. Ullman, K. Lindvall, J. M. Lundberg, A. Sigurdsson and K. Swedberg

135 Stretch-induced myogenic responses of airways after histamine and carbachol
O. Thulesius and S. Mustafa

145 Biochemical features in patients with their first acute inferior myocardial infarction
W. Carson and J. Keenan

153 Does digital chest radiography assess regional ventilation?
L. Denbratt, B. Bergman, B. Bake, J.-E. Angelhed and L. Björk

159 Biochemical changes in relation to a maximal exercise test in patients with fibromyalgia
J. Nørregaard, P. M. Bülow, J. Mehlsen and B. Danneskiold-Samsøe

169 Demonstration of dilatation of peripheral airways
S. Lindgren, S. Larsson, M. Holgersson and B. Bake

181 Effect of supine exercise on platelet aggregation and fibrinoltyic activity
B. Dag, G. Gleerup, A. M. Bak, I. Hindberg, J. Mehlsen and K. Winther

187 Inhibitory effects of neuropeptide Y on splanchnic glycogenolysis and renin release in humans
G. Ahlborg and J. M. Lundberg

197 Pronounced bronchial hyper-responsiveness and asthma severity
P. Plaschke and B. Bake

205 Effects of angiotensin-converting enzyme inhibition on renal dysfunction induced by moderate potassium depletion in healthy women
G. C. Agnoli, R. Borgatti, M. Cacciari, E. Ikonomu, P. Lenzi and M. Marinelli

223 Electrocardiographic changes in stroke patients without primary heart disease
A. Lindgren, B. Wohlfart, O. Pahlm and B. B. Johansson

233 Instructions to authors

NUMBER 3 MAY 1994

Original communications

235 Exercise and redistribution thallium-201 myocardial scintigraphy: changes in distribution qualitatively unaffected by previous infarction
L. Grip, D. Bone, B. Svane and A. Holmgren

251 Overnight glucose metabolism in obese non-insulin-dependent diabetic patients and in healthy lean individuals
L. Tappy, K. Acheson, B. Curchod, Ph. Schneiter, S. Normand, C. Pachiaudi, E. Temler, J. P. Riou and E. Jéquier

267 Differences in glycaemia, hormonal response and energy expenditure after a meal rich in mono- and disaccharides compared to a meal rich in polysaccharides in physically fit and sedentary subjects
A. Raben, B. Kiens and E. A. Richter

281 Cutaneous and subcutaneous blood flow rates in paraplegic humans investigated by ^{133}Xenon wash-out. Methodological considerations
J. L. Sørensen, E. N. Hauge, H. Wroblewski and F. Biering-Sørensen

291 Altered autonomic regulation of cardiac function during head-up tilt after 28-day head-down bed-rest with counter-measures
R. L. Hughson, Y. Yamamoto, A. Maillet, J. O. Fortrat, A. Pavy-Le Traon, G. C. Butler, A. Güell and C. Gharib

305 Effect of exposure to heat and intake of ethanol on the skin circulation and temperature in ischaemic limbs
E. Proano and L. Perbeck

311 Non-invasive variant of Gorlin formula can be used to identify severe aortic stenosis
B. Wandt, F. Sörgaard and L. Bojö

317 Erratum

The 10th Scandinavian Congress of Clinical Physiology

323 Magnetic-resonance velocity mapping of the central circulation
L. Søndergaard

329 Positron emission tomography in oncology
S. Leskinen-Kallio

337 PET in cardiology: current status and clinical expectations
C. A. Nienaber

349 Abstracts

369 Instructions to authors

NUMBER 4 JULY 1994

371 Normal values for QT intervals in ECG during ramp exercise on bicycle
B. Wohlfart and O. Pahlm

379 Biphasic response of plasma endothelin-1 concentration to exhausting submaximal exercise in man
E. A. Richter, C. Emmeluth, P. Bie, J. Helge and B. Kiens

385 Transcutaneous oxygen pressure measurements in patients with intermittent claudication
S. Rosfors, F. Celsing and M. Eriksson

393 Quantifying the effect of hand preference on upper limb bone mineral and soft tissue composition in young and elderly women by dual-energy X-ray absorptiometry
D. R. Taaffe, B. Lewis and R. Marcus

405 Increased urinary excretion of a major thromboxane metabolite in early alcohol withdrawal
J. Neiman, J. Nowak, G. Benthin, H. Numminen and M. Hillbom

411 Effect of acute dose of caffeine on cardiovascular autonomic responses in healthy subjects
S. J. Piha

419 The mean frequency of the EMG of the knee extensors is torque dependent both in the unfatigued and the fatigued states
B. Gerdle and S. Karlsson

433 Knee extension strength and walking speed in relation to quadriceps muscle composition and training in elderly women
S. Sipilä and H. Suominen

443 Transperitoneal transport of creatinine. A comparison of kinetic models
S. Fugleberg, J. Graff, P. Joffe, H. Løkkegaard, B. Feldt-Rasmussen, N. Fogh-Andersen and S. Levin Nielsen

459 Electrical impedance measured changes in thoracic fluid content during thoracentesis
J. R. Petersen, B. V. Jensen, H. Drabæk, K. Viskum and J. Mehlsen

467 Subcutaneous noradrenaline concentration increase in normal subjects during cold exposure evaluated by microdialysis
B. Grønlund, L. Grønlund and N. J. Christensen

475 Effect of digitalis, anti-anginal drugs and arterial hypertension on the relationships between exercise ECG and angiocardiographic variables and on the diagnostic accuracy of exercise ECG in patients with coronary heart disease
C. Backman, K.-A. Jacobsson, H. Linderholm and G. Osterman

487 Instructions to authors

NUMBER 5 SEPTEMBER 1994

489 Glucose-induced thermogenesis in patients with small cell lung carcinoma. The effect of acute β-adrenergic inhibition
L. Simonsen, J. Bülow, C. Tuxen and N. J. Christensen

500 Cerebral vasodilation capacity: acute intracranial hypertension and supra- and infra-tentorial artery velocity recording
J. M. de Bray, F. Tranquart, J. L. Saumet, M. Berson and L. Pourcelot

513 The separate and combined effect of leucine and insulin on muscle free amino acids
P. Essén, S. D. Heys, P. Garlick and J. Wernerman

527 Growth hormone (GH) treatment in GH-deficient adults: effects on muscle size, strength and neural activation
A. Sartorio and M. V. Narici

539 Magnesium sulphate infusion decreases circulating calcitonin gene-related peptide (CGRP) in women with primary Reynaud's phenomenon
U. Myrdal, J. Leppert, L. Edvinsson, R. Ekman, T. Hedner, H. Nilsson and I. Ringqvist

547 Biphasic pulmonary clearance of ^{99m}Tc-DTPA in smokers
P. Wollmer and E. Evander

561 Effects of head-up and head-down tilt on the transmitral flow velocities in relation to age: a Doppler echocardiographic study in healthy persons
S. Voutilainen

569 Growth hormone suppression and glutamine flux associated with cardiac surgery
H. Powell, L. M. Castell, M. Parry-Billings, J. P. Desborough, G. M. Hall and E. A. Newsholme

581 Noninvasive study of left ventricular function and systemic haemodynamics during dipyridamole echocardiography stress test
S. Aakhus, K. Bjørnstad and L. Hatle

595 Instructions to authors

NUMBER 6 NOVEMBER 1994

Review

597 Diving physiology and pathophysiology
J. Madsen, J. Hink and O. Hyldegaard

Original communications

627 Effect of physical activity on the day-to-day variation in serum digoxin concentration
M. Edner and T. Jogestrand

633 Normal limits of the derived vectorcardiogram in Caucasians
T.-F. Yang and P. W. Macfarlane

647 Weight carrying effects on treadmill exercise response in persons without heart disease
K. Takehana, T. Sugiura, Y. Nagahama, T. Hasegawa, T. Iwasaka and M. Inada

655 Fatty acid exercise scintigraphy after percutaneous transluminal coronary angioplasty
M. Walamies, K. Njemelä, V. Turjanmaa and M. Koskinen

671 High hydrostatic pressures in traumatic joints require elevated synovial capillary pressure probably associated with arteriolar vasodilatation
J. Ahlqvist, A. Harilainen, K. Aalto, S. Sarna, M. Lalla and K. Österlund

681 Instructions to authors
